Fulbright Program

The Fulbright Program, founded in 1946, is a global academic exchange initiative of the U.S. government aimed at fostering mutual understanding and promoting friendly, peaceful relations between the United States and other nations. Partnering with over 160 countries, it offers a wide range of fellowships and scholarships. In 49 countries, including Thailand, independent binational Fulbright Commissions administer the Fulbright Program with support from local governments.

Fulbright Thailand

Testimonial

“I have gained invaluable insights from my host mentor, particularly in guiding graduate students in research, motivating members of the research group, teaching and facilitating a project-based course, and working on a real case-based research project. This experience will be extremely valuable for my career development as a university professor.”
